I am writing regarding NAB's petition 04-160. I strongly oppose the NAB's petition as I enjoy the convenience of satellite radio and the love the quality of music they provide. I am glad they are able to provide traffic and weather information as I wouldn't hear about it if they didn't. This is a safety feature for all of us that would otherwise not listen to the radio. I respectfully urge the FCC to REJECT the NAB's petition 04-160 and to support XM's ability to provide the programming that I demand and deserve.
